Description

The GRANIT PN 10 AGR 1/2" is a high-quality, reliable Dry Fit type pipe fitting designed for various industrial and residential applications. The product is PN 10 pressure class, meaning it can handle pressures up to 10 bar. The AGR type fitting is specifically designed for agricultural and water supply systems.

With its 1/2" size, this fitting ensures a secure and efficient connection for smooth water flow. The Dry Fit technology allows for quick and easy installation without the need for adhesives or other components, reducing installation time and costs.
