Description

The GRANIT PN 12 AGR 1/2" is a premium-quality, reliable Dry Fit type pipe fitting designed for various industrial and residential applications. The product is PN 12 pressure class, meaning it can be used in systems with pressures up to 12 bar. The AGR type fitting is specifically designed for agricultural and water supply systems, ensuring long-term, trouble-free operation.

The 1/2" size provides a secure connection, allowing for smooth fluid flow. The Dry Fit technology offers the advantage of quick and easy installation without the need for adhesives or other components, reducing installation time and costs.
