Description

DN 06: The hose has an inner diameter of 6 mm, ideal for transporting small to medium amounts of fluid.

1/4" connection: Equipped with a 1/4" connector, following industrial standards for easy and secure fitting.

2SN-2SC: The hose is constructed with a two-layer steel-wire braid, offering mechanical protection and increasing the hose's service life while providing maximum flexibility and ease of handling.

High temperature and pressure resistance: The **GRANIT PFN 2SN-2SC** hose is highly resistant to high temperatures and pressures, making it perfect for the most demanding industrial applications.
