Description

DN 10: The hose has an inner diameter of 10 mm, providing optimal fluid delivery.

3/8" connection: Equipped with a 3/8" connector, following industrial standards for easy and secure fitting.

2SN-2SC: The hose features a strong, two-layer steel-wire braided construction, offering excellent protection against mechanical damage while ensuring maximum flexibility and ease of handling.

High temperature and pressure resistance: The GRANIT PFN 2SN-2SC hydraulic hose is highly resistant to high temperatures and pressures, making it ideal for heavy-duty industrial applications.
