#### Description

The fitting rotary tiller for our Jansen MGT-600 motorised hand tractor. Can also, of course, be ideally used for commercial purposes in horticulture and landscaping.

The rotary tiller can be attached to the Jansen MGT-600 motorised hand tractor in a few easy steps, and is ready for action immediately.

Equipped with robust steel tines, which are arranged next to each other in 6 rows, the tiller works with a maximum tilling width of approx. 750 mm and a tilling depth of maximum 120 mm.
