Parameters

Name	Value
Engine	3TNM72-D HP
Motor Power	16.1 KW
Machine Power	22 HP
Number of cylinders	3 pcs
Engine size	904 cm3
Torque	55.7 Nm
Battery	12V/54 Ah
Transmission	Hydrostatic
Brake system	Multiple Wet Brake Disk .
Drive	Selectable 4WD .
Turning circle	2400 mm
Max speed forward	13 km/h
Towing capacity - Not breaked	700 kg
Towing capacity - Breaked	1600 kg
Front Axle Load Max.	700 kg
Rear Axle Load Max.	1000 kg
Max. Allowed Weight	1475 kg
PTO Power	11 kW
PTO speed	540 rpm
Mid. PTO Speed	2000 rpm
Front PTO speed	2000 rpm
Fuel Tank volume	23 L
Hydraulic oil tank capacity	15 L
Steering	Hydraulic Powered
Capacity hydro Pump	283 l/min
Steering pump	13,2 L/min
Hydraulic pump implements	15,1 l/min
Hydraulic pressure	130 bar

AgroHof.com

Name	Value
Hydraulic connection / pair	2 sets .
3 point lift capacity	510 kg
Front 3 point lift capacity	325 kg
Length	2699 mm
Width	1198 mm
Ground clearance	160 mm
Wheelbase	1470 cm
Height	1515 mm
Weight	768 kg

Description

Package deals:

Summer

- Front Weight bracket incl 3 weights
- Clevis coupler

Yanmar SA222-R with ROPS

Small but perfectly formed is a term that might have been designed to describe the Yanmar SA222-R (ROPS) tractor. The sub-compact tractor might be small but it crams in features, benefits and innovations at every turn.

Compact body

Even though it is designed to tackle the duties normally charged to larger tractors, the Yanmar SA222-R (ROPS) compact tractor features a compact body that would not look out of place on a regular garden tractor. In addition to adding to the smooth lines of the machine, this compact body lends the tractor a work-anywhere capability that allows it to work in areas where space is limited.

Easy and safe to operate

A hydrostatic transmission – with convenient side-by-side pedals for simple forward and reverse operation – provides multiple range options to get the job done regardless of terrain or the implement you’re using. Smooth hydraulic power steering delivers no kickback in the steering wheel for reduced operator fatigue. These features combine to produce a tractor that is easy and above all safe to operate.
