Parameters

Name	Value
Working width	1250 mm
Number of rotavator blade	24 pcs
Minimum HP	20 hp
Maximum HP	30 HP
Weight	480 kg
Drive	Tractor PTO .

Description

The Boxer SB Z combines a reverse-rotation tiller with a grass seeder, for cultivating and seeding verges, lawns and sports fields in one pass. Because the rotor turns against the direction of travel, it loosens the soil extra well – ideal for harder ground. The seeder with mesh roller is designed for grass seed only.

The SB 125Z has a working width of 125 cm with 24 tiller blades. It suits tractors of 20–30 hp and weighs 480 kg.

Supplied with:

- Delivered as a kit – assembly takes about 30 minutes
