## Description

Looking for a compact skid steer loader with powerful performance and reliable technology? The Eurotrac SK10 is a professional mini skid steer loader that excels in power, manoeuvrability and versatility. This machine is equipped with a KUBOTA D1105 diesel engine, an Italian hydraulic system and a lifting height of no less than 2.1 metres. Ideal for earthmoving, agriculture, construction and garden maintenance.

## Benefits of the Eurotrac SK10 mini skid steer loader

- KUBOTA D1105 engine - 24 hp diesel power The Japanese 3-cylinder diesel engine delivers 18.2 kW (24.4 hp) and guarantees long service life, low fuel consumption and low emissions (Stage V).
- Italian hydraulic system Precise control and smooth operation thanks to a high-quality hydraulic valve, suitable for intensive professional use.
- Lifting height of 2.1 metres Ideal for loading trailers, containers and trucks. Compact in size, big in performance.
- Highly manoeuvrable - only 88 cm wide Thanks to a track width of 200 mm, you manoeuvre effortlessly through narrow gates, gardens and courtyards.
- 0.26 m³ cargo box Equipped as standard with a robust 260-litre cargo box - perfect for sand, soil, gravel, manure or rubble.
- Versatile use Quick coupling system for use with various attachments such as pallet forks, snow ploughs, augers, sweepers and more.
- User-friendly operation Joystick controls, 7-inch digital display and a spacious working platform make the Eurotrac SK10 a comfortable machine for every day use.

## Applications of the Eurotrac SK10 mini skid steer loader

- Earth moving and paving
- Construction and renovation work
- Agriculture and horticulture
- Urban maintenance and snow removal
- Landscaping and grounds management
