Description

The wood splitter SPLE8L by Ceccato Olindo is a vertical electric wood splitter entirely made in Italy. The SPLE8L with a thrust of 8 tons, allows you to split wood logs of varying dimensions up to a maximum of 54 cm in height thanks to the bench that can be moved the two positions. It is equipped with a double pump that guarantees a powerful thrust and a great working speed. It is also equipped with wheels for moving and an automatic adjustable end of stroke control system. With this professional wood splitter the cutting work is simple and safe: the SPLE8L is equipped with special safety devices that protect the user. It needs 230 volt to be operated.
