Weight	140 kg
Dimensions	820 x 750 x 1070 mm
Minimum HP	18 hp

Description

The SPLT12 wood splitter by Ceccato Olindo is a vertical wood splitter entirely made in Italy. The SPLT12 with a thrust of 12 tons, a large knife and an oversized double tubular high strength steel frame, allows to split wood logs, even knotty, of variable dimensions up to a maximum height of 54 cm. It is equipped with three-point hooks and a pump and multiplier unit that engages directly into the tractor's PTO, which guarantees a powerful thrust and high working speed. It is also equipped with wheels for movement and an automatic adjustable end of stroke control system. With this professional log splitter, cutting work is simple and safe: the SPLT12 is equipped with special safety devices that protect the user.
