Hydraulic oil tank capacity	40 L
Lifting capacity	1350 Kg

Description

Offer valid until stocks run out.
Special price includes:
-Standard machine
-Bucket 130 cm
-Forks

The Eurotrac T11 telescopic loader is an extremely efficient and versatile machine, making it an ideal choice for agricultural and construction tasks. Equipped with a 3-cylinder Kubota D1105 engine, it provides a performance of 26 horsepower, allowing the T11 to move heavy loads as well. With a self-weight of 1680 kg and a load capacity of 1350 kg, it offers excellent stability during operation. The hydraulic system has a 40-liter oil tank and operates with a 12 V electrical system, ensuring the smooth operation of hydraulic tools. The dimensions of the T11 – a length of 3275 mm, a maximum lifting height of 2350 mm, and a maximum speed of 19 km/h – allow it to maneuver easily in tight spaces. Eurotrac offers a 1-year manufacturer’s warranty on the T11.
