Description

TRITONE BIG PTO is a Ceccato Olindo cardan shaft biochipper, semi-professional, suitable for shredding large quantities of vegetable waste with a maximum diameter of 8 cm, it is an entirely Italian product. It is equipped with a large loading hopper to facilitate the insertion of branched vegetable scraps and an unloading mouth at a height of 1.65 meters. Optional refiner sieves can also be inserted to decrease the size of the wood chips. It is a shaft-driven chipper with a three-point hitch to the tractor. It is equipped with 2 pneumatic wheels. The machine weighs about 184 kg. It has a very large cutting mass, about 460 mm in diameter, with 2 front knives, 8 knives/chopping hammers and 2 counter blades. There are over 70 models in the range, both smaller and larger, suitable for any need. The BIG PTO newt by Ceccato Olindo complies with the EC regulations on safety at work.
