Description

TRITONE BIG HONDA GX390 is a Ceccato Olindo biochipper with internal combustion engine, semi-professional, suitable for shredding large quantities of vegetable waste with a maximum diameter of 8 cm. It is an entirely Italian product, it is equipped with a Honda GX390 engine of 11.7 hp and has a large loading hopper to facilitate the insertion of branched vegetable waste and an unloading mouth at 1.65 meters in height. Optional refiner sieves can also be inserted to decrease the size of the wood chips. It is equipped with 2 pneumatic wheels with high quality steel rims. The machine weighs about 165 kg. It has a very large cutting mass, about 460 mm in diameter, with 2 front knives, 10 knives/chopping hammers and 2 counter-blades. There are over 70 models in the range, both smaller and larger, suitable for any need. The BIG HONDA GX390 triton by Ceccato Olindo complies with CE regulations on safety at work.
