Description

TRITONE MONSTER HONDA GX390 is a professional bio-shredder driven by combustion engine suitable for shredding large quantities of vegetable waste, it is an entirely Italian product and is equipped with a large loading hopper to facilitate the insertion of branched vegetable waste. The hopper is foldable to limit the encumbrance in road transport or when put to rest. The woodchips discharge outlet can be rotated 360° and has a height of about two metres. It has an electronic start system so the user dont have to start it manually.
