Distance between rows	450-500, 550-600, 650-700, 750 mm
Width	5800 mm

Description

The pneumatic seeder is a modern agricultural tool designed for accurate and efficient sowing. Thanks to its telescopic folding design, the machine can be easily transported and stored, which provides greater flexibility and convenience for farmers. The 580 cm working width enables fast and even application of large areas, while the pneumatic system guarantees precise dosing and uniform distribution.
