Number of tines (cultivator)	30 pcs
Standard distance between tines	100 mm
Diameter (Rollers)	280/295 mm
Motor Power	58 KW
Machine Power	79 HP

Description

The Bomet U725-3-CULT-ROLL is a Carina-type soil tillage cultivator designed for pre-sowing soil preparation. Its main tasks include chopping clods, removing bark and weeds and mixing fertiliser with the soil.

Main technical specifications:

Working width: 3.0 m
Working depth: up to 12 cm
Number of tines: 30 tines
Spacing between tines: 10 cm
Front roller diameter: 280 mm
Rear roller diameter: 295 mm
Machine weight: 780 kg
Power requirement: 58 kW / 79 HP

The machine is equipped with four rows of spring-loaded grabs with interchangeable grabs. The front roller helps shred the clods, while the rear roller straightens and compacts the soil. The working depth can be adjusted using the support wheels.
