Description

WOOD LOADING GRAPPLE
The wood loading grapple for the Jansen® KL-200 compact loader is the ideal attachment for efficient handling of wood and logs. Thanks to its sturdy construction and powerful gripping mechanism, it enables precise and effortless loading, stacking, or transporting of wood. The grapple is made of high-quality steel to remain durable and reliable even under heavy use. Its easy installation and perfect fit for the Jansen® KL-200 ensure maximum work performance and safety. Perfect for the landscape gardener or in simple forestry and agriculture!
