Description

The X-Delta XL 1500 Grizzly is a fixed-tooth forestry shredder for excavators, capable of effectively clearing normal to hard forest vegetation, making it an ideal choice for landscaping. This heavy-duty mulcher features fixed tines, delivering class-leading cutting performance and reducing the need for frequent maintenance. It allows the operator to control the opening and closing of the door directly from the cab, conveniently and safely. The durable construction of the forestry mulcher ensures long life and reliability.
